What we do

We are a Focused Group...

We assist with permanent and contract recruitment, exclusively for the mining industry in Mexico. Concentrating on the mining sector has allowed us to create networked databases that work with precision, categorized to specific mining classifications. As a result we are able to match the right candidates with the right mining jobs quickly.

If you feel that this service could be of value to you, please call us. We will be pleased to provide you with more information about how we may be able to assist you including an outline of our fees.

How we are different

Strata HR is exceptionally well placed to provide a range of recruitment related HR services to mining companies investing in exploiting gold and silver mines in Mexico in a way not able to be done by most other organizations.

Because of our absolute focus we will always have people in our team that can relate with your General Manager or your Trainee Operators and all roles between. We cannot only talk to them about recruiting but we understand the true work environment. Our clients tell us we quickly develop a "real" understanding of their needs and that we are a genuine partner and contribute equally to conversations requiring specific knowledge of the mining industry "employment market". This unique perspective enables us to present to our clients a high level of "industry informed professionalism".

If you feel that this service could be of value to you - be that now or at some point in the future, please call us. We will be pleased to provide you more information about how we may be able to assist you, including an outline of our fees. We welcome your call and trust you have enjoyed our website.
